~~A Classic Scary Tale~~ Adult Snuff Stories

This is my first ever story, so hopefully it's not too bad and gets better as I go. Warnings for this story include sexual content, violence, non-consent, gore, and snuff. If this isn't what you enjoy turn back now. In this story Voldemort takes a different approach and intends to cripple the resistance at Hogwarts sooner without taking over.

Some of the characters and events are fictional. The novel, however, is based on a true story. One December night, a phone call to "Lady Dy," a topless dancer triggered a chain of events that would become history. A serious accident, involving another young dancer preludes a devious change in policy at "Pinto's Topless Bar Extraordinaire," owned by Guy Pinto. She is one of five dancers, who are first told and reluctantly agree to the new rules forced on them by club manager, Clyde Jones. But when things get out of hand and a tragedy occurs she can't keep quiet any longer. Unknown to the club she launches a campaign to form a Union. Something never attempted in the adult entertainment industry before. And when the club finds out

is when the ride begins, ranging from exorbitant media attention to life threats. Fear caused a lack in support and they were voted down. After the election, before airing live on the eleven o'clock news she had to decide whether to accept defeat or try again. She announces to all, her intentions, but later is tripped up when the Union tells her the numbers weren't enough for them to continue. With no votes and no Union and one week to file, she flies back to Little Italy, New York and comes back with a surprise for everyone, her own Union. As she sets out for a re-election she receives a call from the original Union. Her fight was no longer with just the club, and the decisions she would soon make would decide the dancers fate.

Second in the award-winning George Miles Cycle, "as intense a dissection of human relationships and obsession that modern literature has ever attempted" (The Guardian). When Dennis is thirteen, he sees a series of photographs of a boy apparently unimaginably mutilated. Dennis is not shocked but stunned by their mystery and their power; their glimpse at the reality of death. Some years later, Dennis meets the boy who posed for the photographs. He did it for love. Surrounded by images of violence, the celebrity of horror, news of disease, a wasteland of sex, Dennis flies to Europe, having discovered some clues about the photographs: "I see these criminals on the news who've killed someone methodically, and they're free. They know something amazing. You can just tell." An isolated windmill in Holland provides the perfect setting for Dennis to find out more about bodies—of which there are many—and what is inside them. In Frisk, as in the award-winning Closer, Dennis Cooper explores the limits of our knowledge and the dividing line between the body and the spirit. Frisk is a novel about the power of fantasy and faith, about the ecstasy and horror of being human. "A significant work of fiction. Cooper . . . wants to lead us into the wormy heart of the murderous impulse." —Michael Cunningham, Pulitzer Prize-winning author of The Hours "Destined to classic status." —Los Angeles Times Book Review "Dennis Cooper, a disturbing and transcendent artist, enters the mind of a killer and comes out with genuine revelation." —Michael Silverblatt, host of Bookworm "An electrifying study in carnage." —The Sunday Times

"Pratchett . . . has a satirist's instinct for the absurd and a cartoonist's eye for the telling detail." —Daily Telegraph (London) "The purely funniest English writer since Wodehouse." —Washington Post Book World Sam Vimes, watch commander of Ankh-Morpork, is at long last taking a much-needed (and well deserved) vacation. But, of course, this is Discworld®, where nothing goes as planned—and before Vimes can even change his cardboard-soled boots for vacationer's slippers, the gruff watch commander soon finds himself enmeshed in a fresh fiasco fraught with magic, cunning, daring, and (for the reader more than for poor Vimes) endless hilarity. Did he really expect time off? As Vimes himself says in Feet of Clay, "there's some magical creature called 'overtime,' only no one's even seen its footprints." Following the New York Times bestselling Unseen Academichals, Terry Pratchett delivers an enthralling new tale from a place of insuperable adventure: Discworld. Discworld® is a registered trademark.

Cassie Wright, porn princess, intends to cap her legendary career by breaking the world record for serial fornication. On camera. With six hundred men. Snuff unfolds from the perspectives of Mr 72, Mr 137 and Mr 600, who await their turn on camera in a very crowded green room...

Russell Wheeler, an enforcer-turned-contractor, spirals into a violent tailspin when his daughter is slaughtered for a snuff film. With his limited resources, including his trusty framing hammer and his criminal connections, Russell hunts the people responsible for his daughter's vicious death. He finds himself digging into the pits of hell, delving into a world of unimaginable depravity... Jon Athan, author of The Harbinger of Vengeance and Sinister Syndromes, invites you to join the lucrative snuff industry. A world of opportunity, lust, riches, and death awaits you... WARNING: This book contains scenes of graphic violence, disturbing themes, and some sexual references. This book is not intended for those easily offended or appalled. Please enjoy at your own discretion.

Justin is an out of work actor who turns to adult films as a means to pay the bills. Struggling to get by, he gets involved with some shady characters who offer him a huge payday to star in one of their special productions. Destiny is a struggling actress who will do anything to make it big. She's waited tables, and done whatever it takes to get by. When some men approach her offering her a big break, she is quick to take it without asking enough questions. What will happen when Justin's and Destiny's lives collide behind the scenes on the set of a Snuff Film?

The phenomenon of so-called 'snuff movies' (films that allegedly document real acts of murder, specifically designed to 'entertain' and sexually arouse the spectator) represents a fascinating socio-cultural paradox. At once unproven, yet accepted by many, as emblematic of the very worst extremes of pornography and horror, moral detractors have argued that the mere idea of snuff constitutes the logical (and terminal) extension of generic forms that are dependent primarily upon the excitement, stimulation and, ultimately, corruption of the senses. Snuff: Real Death and Screen Media brings together scholars from film and media studies to assess the longevity of one of screen media's most enduring cultural myths. Thorough, provocative, and well argued, the contributions to this volume address areas ranging from exploitation movies, the video industry, trends in contemporary horror cinema, pornography and Web 2.0.

When The Porch Light's On is a look at life through the eyes of a man who says he would have enjoyed being Walter Mitty's little brother. Don Newbury has long been regarded as unconventional, and he admires the Mitty kind of life - going most places on purpose and then letting the wind take over. Newbury is a keen observer of life as it exists on the slower side of the street. He may feel at home in the nation's larger cities, but Newbury prefers the pace and rhythm, the wit and wisdom of Small Town America where a man on the other side of town can become a friend for life, even if you've met him only once and hardly ever remember his name. He relishes the day's news, particularly the common man who makes it, tweaking, twisting, and turning these accounts into the warm, gentle humor and sometimes heartbreaking stories that can have an impact on anyone's life. When the Porch Light's On makes you laugh a lot, cry a little, and appreciate the foibles of the human condition. It is littered with an odd assortment of the most extraordinary characters you will ever meet. As one columnist wrote: "Newbury is a master of humor, timing, and inspiration. He is determined to find healthy humor in at least every other link in the chain of human events. He refuses to take himself

or his world seriously for more than a few minutes of time." But, no matter, how hilarious he writes, he leaves his readers remarkably enriched - a rare and important talent.

Fiction. Novella by Keith Gouveia with stories by C.A. Burns, Kevin Cockle, Lorne Dixon, Giovanna Lagana, Mark Onspaugh, Gerald S. Parker, Marsheila Rockwell, and J. T. Seate. In a world where serial killers are usually isolated and disconnected, THE SNUFF SYNDICATE provides an online forum made for them, by them. For members, social media is a tool to share pure, murder- filled ecstasy. Killing is a business of painstaking details, and every killer, from novice to expert needs a place to go to see what others are doing, from the ways they select victims to the methods they use to bloody their hands. The Snuff Syndicate is where they can brag, ask for advice and revel in their most gratifying hobby. THE SNUFF SYNDICATE offers readers a unique look into the gritty world of bloodletting. Keith Gouveia's novella strings together eight disparate stories of serial killers. This unique collaborative-anthology reads more like a multi-point- of-view novel rather than an anthology.

Narrated by Mr. 72, Mr. 137, and Mr. 600 as they await their turn on camera, a novel about the role of pornography in contemporary life follows porn queen Cassie Wright, who plans to break the record for serial fornication with six hundred men on camera.
