Autobiographic Narratives as Data in Applied ... - CORE

Autobiographical research uses various empirical sources (life narratives, oral stories, documents - both official and personal -, diaries, memorials, epistles, videos, photos) and techniques (triangulation of information and in-depth analysis of the sources) (Abrahão, 2008a). This understanding can also be found in Pineau (2010).

Autobiographical research: Memory, time and narratives in ...

We present a developmental account of the integration of an extended subjective perspective within an extended narrative framework both of which are mediated through language and shared cultural narratives that culminate in autobiographical consciousness. Autobiographical consciousness goes beyond simple memories of past events to create a sense of extended self through time that has ...

The Development of Autobiographical Memory ...

Autobiographical memory is distinct from episodic memory in that (1) it relies on autobiographical consciousness, which emerges by the end of the preschool years; (2) it is formed within social interactions in which multiple developing skills are brought to bear on the construction of coherent stories of self and a narrative identity that emerges in adolescence; and (3) through this developmental process, autobiographical memories come to serve uniquely sociocultural functions of defining ...

Autobiographical Understanding and Narrative Inquiry ...

The term 'narrative research' is commonly used for a huge area of diverse research approaches and strategies. It could be used as a generic term of all approaches interested in narrations (Lieblich et al. 1998, 2). Under this general umbrella biographical research is situated.

Introduction to Biographical Research

Abstract: Autoethnography is an approach to research and writing that seeks to describe and systematically analyze personal experience in order to understand cultural experience. This approach challenges canonical ways of doing research and representing others and treats research as a political, socially-just and socially-conscious act.
