EPICS Application Developer 's Guide

This repository contains the LaTeX text of the EPICS Application Developers Guide, and older versions of the Channel Access Protocol Specification. The master version of the latter has now been converted to a restructured text file in the specs directory of the epics-docs repository on GitHub. The Makefile in this directory generates both HTML and PDF versions of the Developers Guide and can rsync them into a directory set by the INSTALL_DIR variable. make all will generate the files, make ...
