According to the principle of the Five Ws, a report can only be considered complete if it answers these questions starting with an interrogative word: Who; What; When; Where; Why; Some authors add a sixth question, how, to the list. Each question should have a factual answer—facts necessary to include for a report to be considered complete.

Five Ws - Wikipedia

However, given that the fundamental question is put forward in a context where these rules do not necessarily apply, the answer cannot be based upon this general ontological position without critically prejudicing the issue. ... Heidegger, An Introduction to Metaphysics, Yale University Press, New Haven and London (1959), pp. 7-8 2. P.
