Miles. L'autobiografia (I Quindici Vol. 10) eBook: Miles Davis, Quincy Troupe: Amazon.it: Kindle Store

Dall'epoca d'oro del bebop alla rivoluzione della fusion, la musica di Miles Davis ha attraversato e segnato l'intera storia del jazz. In questo libro autobiografico, che torna oggi in un'edizione rilegata e arricchita di preziosi contenuti speciali, Davis racconta l'evoluzione del suo stile, i suoi gruppi, gli album e i concerti, ma anche gli amici, le donne, la famiglia, gli anni bui dell'eroina, i conflitti con i bianchi del mondo della stampa e del potere costituito. Dalla sua voce di volta in volta commossa, indispettita, orgogliosa, nasce un grandioso film corale in cui fanno da co-protagonisti Charlie Parker, John Coltrane, Dizzy Gillespie, Jimi Hendrix e Prince, e in ruoli cameo troviamo Juliette Greco, Jean-Paul Sartre e addirittura Ronald Reagan. Fitto di aneddoti e informazioni come una grande enciclopedia del jazz, ma animato dal calore di una personalità battagliera, questo libro è una testimonianza fondamentale per la storia della musica, ma insieme un romanzo appassionante e un ritratto "militante" di mezzo secolo di cultura nera americana.

In Possibilities, il leggendario pianista e compositore Herbie Hancock riflette su ben sette decenni di vita e carriera vissuti da vero innovatore, nei quali ha esplorato ogni genere musicale e lasciato un'impronta indelebile sul jazz, l'r&b e l'hip-hop, garantendosi al contempo il successo testimoniato dai quattordici Grammy Awards vinti. Dagli inizi come

bambino prodigio al lavoro in quintetto con Miles Davis, dalle innovazioni introdotte come leader di un sestetto rivoluzionario alla collaborazione con musicisti del calibro di Wayne Shorter, Joni Mitchell e Stevie Wonder – passando per le sue influenze musicali, divertenti dietro le quinte, il suo matrimonio lungo e felice e il suo rapporto creativo e personale con il buddismo – queste pagine rivelano il metodo che si cela dietro l'innegabile genio musicale di Hancock. Illuminante e vitale come l'uomo che l'ha scritta, questa autobiografia è un prezioso contributo alla letteratura jazz e una lettura obbligatoria per gli appassionati e gli amanti della musica.

Now in paperback, this reflective and invaluable memoir tells the story of Hancock's incredible success as a musician, from his beginnings as a child prodigy to his work with artists like Miles Davis and Stevie Wonder. In Herbie Hancock: Possibilities the legendary jazz musician and composer reflects on a thriving career that has spanned seven decades, from his beginnings as a child prodigy to his work in Miles Davis' second great quintet; from his innovations as the leader of his own sextet to his collaborations with everyone from Wayne Shorter to Joni Mitchell.

Simbolo di un'intera generazione di donne, in Girl in a Band Kim Gordon ci fa rivivere il suo percorso da ragazza a donna, da musicista ad artista. Fondatrice, insieme al marito Thurston Moore, dei Sonic Youth, iconica band che ha costruito un nuovo vocabolario musicale – aprendo la strada a Nirvana, Smashing Pumpkins e molti altri tra cui, in Italia, ai Marlene Kuntz – Kim Gordon ci regala un memoir che racconta, con profonda sincerità, la sua storia pubblica e privata: dagli anni di formazione nella West Coast alla schizofrenia del fratello maggiore Keller, fino all'incontro con il mondo dell'arte, della moda e del cinema. E ai rapporti con gli altri musicisti, fittissimi: da Kurt Cobain, raffigurato come un fascio di furia e dolcezza, a Jeff Koons e Billy Corgan, che «non piacciono a nessuno», passando per Neil Young e il suo chitarrista Poncho Sampedro, che invece sono «ok». Girl in a Band è il racconto in parole delle immagini e dei suoni di un mondo colto in un momento di profondo cambiamento: il viaggio straordinario di un'artista e con lei di un'attitudine che sta ancora influenzando la nostra cultura.

It is only in the editing studio that he possesses "absolute control." With scholarly erudition, Welles revels in the plays of Shakespeare and discusses their adaptation to stage and screen. He assesses rival directors and eminent actors, offers penetrating analyses of Citizen Kane, Touch of Evil, Chimes at Midnight, and The Third Man, and declares that he never made a film that lacked an ethical point-of-view. Book jacket.

Now in paperback and illustrated with vintage photos, "Kind of Blue" is "a small treasure" ("The New Yorker") and the bestselling account of the creation of a jazz classic. 50 photos.

The first comprehensive overview of its subject in any language. Its thirty-five essays explain who cardinals were, what they did in Rome and beyond, for the Church and for wider society.
