UN peacekeepers are mandated to assist governments in building new institutions and reforming existing ones. Indeed, steering democratic transition is one criterion of successful peacebuilding, according to the widely cited definition of Doyle and Sambanis, but democratic transition does not equate to more equal societies. It remains unknown whether the changes in the polity score are due to improvements on procedural democracy or on indices of inclusiveness.

But given the dynamics of the region, and the dynamics of American foreign policy in the past, and what we know about prevailing regional sentiments through public opinion surveys and other means, one has to be much less optimistic about the consequences of war with Iraq for democracy, militancy, and peacemaking than the prevailing view in the American public discourse.

After a War with Iraq: Democracy, Militancy, and Peacemaking?

New research indicates that dictators experience political benefits from conflict that extend their tenure in office. 4 Peacemaking may prove to be politically costly for such leaders because it demonstrates their incompetence to key domestic audiences.
