book, but
because the

so good for
teaching a
toddler how to
say the words. I
also bought
another "simple

book and it's
the same sound
quality. I don't
think it's a
defect, just how
it's made. That

give it three stars because the book is fun for my 22 month old daughter.

of this book to

great tool for
parents or ones
watching child
to get child to

words. A fun
book. See more.
