It's January of 1372 and the space-time continuum has been breached by a great rift. Demons, imps, and spirits, evil and benign, spill into the universe from the netherworld. In Paris, a series of grisly murders that couldn't possibly be performed by a human, no matter how depraved, leads the Grand Chatelet and his men to try and raise a demon of their own to learn how to combat the creature that is terrorizing the city. Unfortunately, or perhaps fortunately, the demon who is summoned brings with him a van from the Paris of the twenty-first century. The van contains a modern day drama teacher, her son, and eight precocious high school students, along with all of their electronic devices. Soon, their laptops, tablets and cell-phones become possessed by imps and spirits of the netherworld, some of whom are brilliant and all of whom are insatiably curious. Soon it's a race to see which pack of outsiders can create the most turmoil in the late Middle Ages, monstrous demons or precocious teenagers who soon have their own allies and followers among the ranks of demonkind. And King Charles V had already been in trouble! Piled onto his own poor health, a suspicious and contentious church, France's always-quarrelsome nobility, worst of all, his unscrupulous and ambitious brother, Philip the Bold, the king now has both demons and people from the future to contend with. He does have one asset, and not a small one. He can place his trusted Constable of France, Bertrand du Guesclin, in charge of the rambunctious teenagers from the future and their ever-growing legion of demons. And Bertrand has a great asset of his own, his wife Tiphaine de Ragueneil, perhaps the best astrologer in all of France and, for sure and certain, not a woman to take seriously the prattling nonsense of youngsters skeptical of her lore and knowledge.

When Pucorl, the puck who'd possessed a 21st century BMW van, turned the demon Beslivoswian into roadkill on a battlefield outside Paris in the year 1372, he didn't know what he was getting into. How could he? No puck had ever slain a Demon Lord before. But Themis the goddess of proper behavior has determined that Pucorl is now the proper lord of Beslivoswian's Caverns of Torment. And what's a puck-enchanted van with a crush on his mechanic supposed to do with Caverns of Torment? In this third book of the Demon Rift series we get a look at how things work on the demon side of the veils between the worlds-and how adventuring looks to the servants who go along to cook the meals and take care of the wagons. And how a demon in the form of a dinosaur ended up the majordomo of Carl's Not So Bad Caverns. We also learn about what's going on in France and England while Pucorl and the twenty-firsters are in Constantinople. We meet a few gods, make a few deals, and even see a truly magical kiss and some of its consequences. All in all it's a fun romp through the magic of Pucorl's lands in Elysium. And if you don't already have them you'll want the first two books in the series: The Demons of Paris and The Demons of Constantinople.

"The thrilling--and so wonderfully French--story of a gruesome 1889 murder of a lascivious court official by a ruthless con man and his pliant mistress, an international manhunt, a sensational trial, and an inquiry into the limits of hypnotic power. In France at the end of the

nineteenth century a great debate raged over the question of whether someone could be hypnotically compelled to commit a crime in violation of his or her moral convictions. When Alexandre-Toussaint Gouffe entered a Parisian building at 3 rue Tronson Ducoudray for what he thought would be a delightful assignation with the comely young Gabrielle Bompard, only to be murdered--hanged!--by her and her ruthless companion Michel Eyraud, stuffed in a trunk, and dumped on a riverbank near Lyon, that question became the burning center of an inquiry into the guilt or innocence of a woman the French tabloids dubbed "The Little Demon."--
