A contemporary paint-every-day watercolor guide that explores foundational strokes and patterns and then builds new skills upon the foundations over the course of 30 days to create finished pieces. This beautifully illustrated and inspiring guided watercolor-a-day book is perfect for beginning watercolor artists, artists who want to improve their watercolor skills, and visual creatives. From strokes to shapes, this book covers the basics and helps painters gain confidence in themselves along with inspiration to develop their own style over the course of 30 days. Featuring colorful contemporary art from Mon Voir design agency founder and Instagram trendsetter Jenna Rainey, this book's fresh perspective paints watercolor in a whole new light.

We are a product of nature. Every single cell of our body is made of, and depends, on nature. Our inner soul is heavily influenced by nature. We feel sad if the sun is not shining for a few days, and feel pleasure when drawn to the wonder of flowers and uplifted by the song of birds. We came from nature; we are part of nature. In short, we are nature. Nature has been an intimate part of the human experience from the earliest times. Different religions and cultures, from all corners of the world, have honoured and worshipped nature in art, ritual and literature in their own unique ways. This book shows how we learn about our own human nature, our own sense of identity and how we fit into the larger scheme of life and spirit when we come to better understand how our human ancestors, through art, symbol and myth, expressed their relationship with the natural world.

LITERATURE AND THE CHILD, 9th Edition, offers thorough, concise coverage of the genres and formats of children ' s literature and guidance on using literature in the classroom. With a focus on diverse award-winning titles, this market-leading text includes beautifully written and illustrated discussions of exemplary titles for readers in nursery school through middle school. A stunning design features interior illustrations by Lauren Stringer, an award-winning children ' s book author and illustrator. Each genre chapter contains criteria for evaluating literary quality, equipping students with a resource to guide text selection in the classroom. Practical, research-based information about teaching appears throughout, including sample teaching ideas and an emphasis on the importance of selecting and teaching complex texts. Extensive booklists provide excellent, ongoing resources and highlight texts that emphasize diversity. This text helps teachers understand how to select books that best serve their curriculum goals as well as the interests and needs of their students. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

John Singer Sargent's approach to watercolour was unconventional. Disregarding late-nineteenth-century aesthetic standards that called for carefully delineated and composed landscapes filled with transparent washes, his confidently bold, dense strokes and loosely defined forms startled critics and fellow practitioners alike. One reviewer in England, where Sargent spent much of his adult life, called his work swagger watercolours. For Sargent, however, the watercolours were not so much about swagger as about a new way of thinking. In watercolour as opposed to oils his vision became more personal and his works more interconnected. Presenting nearly 100 works of art, this book is the first major publication of Sargent's watercolours in twenty years. Each chapter highlights a different subject or theme that attracted the artists attention during his travels through Europe and the Middle East: sunlight on stone, figures reclining on grass, patterns of light and shadow. Insightful essays by the worlds leading experts enhance this book and introduce readers to the full sweep of Sargent's accomplishments in the medium, in works that delight the eye as well as challenge our understanding of this prodigiously gifted artist.

'Fish in the Bible: Psychosocial Analysis of Contemporary Meanings, Values, and Effects of Christian Symbolism' analyzes why and to what end tales and truths about fish presented in the Bible hold water in Christian societies today. Fish in the Bible argues that portraits of fish and fisherman presented in the Bible have been both embraced and rejected by contemporary cultures with primarily Christian constituents (e.g. American culture). This book does not make an ethical argument; rather, it explores manners in which Christians have selectively rejected or accepted depictions and symbols of fish and fishermen. It explores differences between Christian maxims presented in Bible verses and the beliefs and actions of societies operating under Christian moral majorities. Fish in the Bible also considers the evolution of symbolism and metaphors in Christian society using parables and tales found in the Bible. 'Fish in the Bible' works on several specialized topics to argue that, overall, depictions of fish and fishermen in the Bible significantly and subtly shape Christian cultures even when Christians ignore or dismiss the robust ways in which fish and fishermen are characterized and treated in the Bible. Fish serve as a metaphor for God ' s power, judgment, sin, and fertility; they are used to instill boundaries and standards in practitioners; and sometimes fish are worshiped, demonized, and subjugated. There is no clear or singular message regarding fish or fishermen; and Christian societies are left to abide by a patchwork of representations to formulate their own opinions and judgments. Social and behavioral science, as well as cultural customs, commerce, and current events demonstrate Christians ' navigation and interpretations of what their understandings and treatment of fish and fishermen ought to be. An Introduction and Conclusion summarize and synopsize implications raised by symbolism and literalism in certain contexts, stories, and verses demonstrating potentially pervasive significances of fish in Christian cultures throughout the world. The foundations of this research are law, social and behavioral science, policy and politics, history, cultural studies, religious studies, animal studies, animal welfare, criminal justice, sociology, anthropology, and current events.

A totally complete watercolor instruction guide, this long-time bestseller by a true master of the medium is full of vibrant illustrations, practical information, helpful tips, and informative demonstrations.

Essentials of Integrating the Language Arts, Fifth Edition, offers students all the practical tools they need to be effective language arts teachers, supported by the necessary theoretical foundation. Like its predecessors, this edition presents a comprehensive approach to teaching the language arts, balancing direct instruction in the communication arts and integrating the language arts with other content areas such as music, art, mathematics, social studies, and science. It explores the important topics of community and caregiver involvement in education and offers thoughtful coverage of diversity in the schools. Practical teaching ideas are found in every chapter. The 5th Edition reflects current teaching practices, field knowledge, and research. Significant changes include: A more streamlined approach to allow readers to move quickly from learning chapter concepts and related theory and research to understanding how they are applied in classroom practices, activities, and strategies Discussion of standards, including the Common Core State Standards (CCSS), with the goal of showing readers how they can apply standards in the classroom to help meet their students' needs New teaching activities that support the chapter topics and align with the CCSS An appendix with more than 25 classroom assessment tools Discussion of current, quality children's and young adult literatures, including informational texts, supported by an appendix of annotated lists of books by genre Key Features "In the Classroom" vignettes, describing real teachers implementing language arts strategies and activities with their students "RRP" (Read Research Practice) boxed features, offering ideas for activities and projects "Teaching Activities," which future teachers can use in their own classrooms "Field and Practicum Activities," which readers can use now in field and practicum settings Discussions of technology and websites, to help readers prepare to integrate technology in their own classrooms
