During the long eighteenth century, ideas of society and of social progress were first fully investigated. These investigations took place in the contexts of economic, theological, historical and literary writings which paid unprecedented attention to the place of women.

~~Women and Enlightenment in Eighteenth Century Britain by ...~~

The great discovery of the British Enlightenment, proposes Karen O'Brien, was that there is such a thing as society. The place of women in the analyses that arose from this insight, and the contribution of women writers to these debates, form the focus of this study. While there has been a relative flowering of scholarship in recent years devoted to the discussion of women's place in Enlightenment culture, O'Brien's study falls much more clearly in the camp of intellectual as opposed to ...

~~Women and Enlightenment in Eighteenth Century Britain, by ...~~

As Karen O'Brien writes in *Women and Enlightenment in Eighteenth-Century Britain*, 'Eighteenth-century writers' sense of the boundary between the domestic and social realms was generally fluid and informal' (p. 11). In what is an important, thought-provoking and wonderfully-written study of femininity, women and British Enlightenment discourse, O'Brien includes women as active members of the Republic of Letters and examines them in the context of a reassessment of ideas of gender ...

Women and Enlightenment in Eighteenth-Century Britain. Isobel Grundy enjoys an unusual history of the growth of feminist debate and the notion of society. This splendid book puts forward as the great discovery of the British Enlightenment "that there is such a thing as society, that humans are principally intelligible as social beings, and that society itself is liable to change".

~~Women and Enlightenment in Eighteenth Century Britain ...~~

Gender in Scottish Enlightenment thought is relatively easy to identify and Carr has given us a fresh survey of how this was manifested in intellectual discourse, written and spoken. Women's contributions to intellectual production were negligible in Scotland before the end of the 18th century and even then it was slight.

~~Gender and Enlightenment Culture in Eighteenth Century ...~~

On the whole, the actual record of eighteenth-century thought on women and gender suggests a kind of confused collision between competing values: the egalitarianism of Enlightenment social sensibilities was counterbalanced by a robust naturalism emphasizing the biological differences between the sexes.

~~Age Of Enlightenment Women's Rights~~

women writers, the specifically intellectual contributions of eighteenth century women writers remain relatively unacknowledged and unknown. Even a text like Carla Hesse's *The Other Enlightenment: How French Women Became Modern*—despite its title—claims that eighteenth-century women writers did not contribute significantly to Enlightenment thought;

her argument is that it was only post-1789 that women authors came into

~~Literary Women, Reason, and the Fiction of Enlightenment~~

The role of women in the Enlightenment is debated. It is acknowledged that women during this era were not considered of equal status to men, and much of their work and effort were suppressed. Even so, salons, coffeehouses, debating societies, academic competitions and print all became avenues for women to socialize, learn and discuss enlightenment ideas. For many women, these avenues furthered their roles in society and created stepping stones for future progress. The Enlightenment came to advan

in eighteenth-century Britain. The book ends in the early nineteenth century when women writers themselves sought to profit from the Enlightenment interest in their historical role and influence by writing works of historical biography and art history.

~~Women and Enlightenment in Eighteenth-Century Britain~~

Karen O'Brien examines the central importance to the British Enlightenment both of women writers and of women as a subject of enquiry. She explores the way in which Enlightenment ideas created a new way of thinking about the roles of women in society and paved the way for nineteenth-century feminism.

~~Women and Enlightenment in Eighteenth-Century Britain on ...~~

But if the importance of the subject was established, there can be little doubt that the collaborative venture which has yielded *Women, Gender, and Enlightenment* represents a more sustained and wide-ranging exploration of the role of women in the Enlightenment than any undertaken before now. Never have so many facets of women and gender in Enlightenment thinking and practice been studied together.
